

High Capacity, Robust Cash Drawer for Retail Verticals

Genesis Product Family Solution

The E3000 is a ruggedised cash drawer which is easy for the retailer to adopt as it has the same footprint as many of its competitors layflat solutions. The E3000 is suitable for use in many retail verticals including Food, C-Stores, QSR, Hospitality, Specialty, Pharmacy and Petrol Forecourts.

The E3000, with its ergonomic design and generously sized coin compartments, allows cashiers to give change faster, and with a weighable coin cup accessory kit, makes coin counting easy resulting in improved productivity.

Ergonomically Friendly

The ergonomic design with high capacity note & coin cup compartments helps cashiers to dispense change faster.

Insert Adaptability

The 8 coin, 5 note insert accepts Euros, Sterling, Canadian, Australian, New Zealand & Singapore dollars, Swedish Krona and South African Rand and is exchangeable with some common insert footprints.

Additional Media Storage

Two 120mm (4.7 inches) wide media slots enable posting high value notes, vouchers and receipts under the insert into a generous storage area.

Durable Plastic Hold Downs

Heavy duty steel ball bearing runners and spring ejection is the key to durability, tested to over one million cycles.
